

# Prepare to be impressed

The doors to Harrogate Christmas & Gift open today (Sunday) and as always, visitors are in for a fantastic few days of festive fun. This year we have over 120 exhibitors filling seven halls of the Harrogate Convention Centre – and over 30 of these are brand new companies showing products for the first time.

Be sure to make a bee-line for Hall Q which houses many of the new exhibitors and also has the main catering area for the show, offering a place to sit and meet over something to eat or a coffee.

The show is open from 9am until 6pm today, Monday and Tuesday; and 9am until 4pm on Wednesday. More information is available on the website at [www.harrogatefair.com](http://www.harrogatefair.com)

## Fragrant dusting

Bettyhula, a Hawaiian scented natural skincare gifting range, has launched a new product to replace talc as we know it. The company's all-natural dusting powder (with no toxic nasties) has already been a gifting hit this Christmas and has been shortlisted for the Gift of the Year Bath, Beauty and Skincare category. It has a cute black fluffy puff to apply the gorgeous scented powder which complements the rest of its award-winning range.

The striking packaging makes for an eye-catching shelf seller as all products have been handmade in the UK using traditional techniques and the finest quality, natural ingredients. Prices are great too with Natural antibacterial hand cream retailing at £4.99 – a great present / stocking filler / Secret Santa gift.
