

Novel Christmas

Earlier in the year, Sunday Times best-selling author Phillipa Ashley got in touch with Harrogate Christmas & Gift organisers for help with research for her new novel '**A Christmas Holiday**' which has just been released. The fictional story is about a Christmas buyer who attends the show to find beautiful decorations for her customers. Phillipa says: "Harrogate Christmas & Gift is mentioned in the book, but please forgive the fact that the plot and characters had to come before real life!" The book, which is described as an uplifting, festive read, is available in most supermarkets, WH Smiths and on Amazon.

Festive fabrics

The team at Portfolio Home is excited to announce that they will be exhibiting at Harrogate this year with a range of exciting new products. These include cushions, throws, kitchen accessories and more and make the most perfect Christmas gifts. Come along and meet the friendly team to discuss some exclusive offers and to see the full range.

Fulfilling dreams

With years of industry experience and extensive production network, Inno-lite is busy helping contractors, councils and shopping centres fulfil their dreams into reality by offering bespoke Christmas lighting and decorations. The company specialises in LED – neon, strip, rope, string, icicle, curtain, net, festoon plus Christmas garlands, trees and motifs.

Inno-lite helps clients to develop new lights and products based on their designs and concepts. This year the company is bringing its bespoke giant walk through motif Gingerbread Man House to the show which is unique and magnificent. Be sure to come along and experience how you can make your festive and events bright and colourful.

Floral favourites

Florelle was first established in 1966 selling both fresh and artificial flowers and is today known for its extensive original range of faux flowers, trees and Christmas decorations.

Every year brings a new Christmas range for Florelle and this year it has also designed a brand-new exhibition stand bespoke for Harrogate.
